POPULAR ELEVATED - A HAPPY HOME FOR KIDS!

4 CAR ACCOMMODATION FOR DAD'S TOYS! And the Golf Course is just down the road. Elevated homes are an all time favorite when looking for a home that is ideal for the tropics. They are both cool and practical and you'll certainly benefit here with the carport extension increasing the already generous under cover space downstairs. Bring the table tennis table. With a safely fenced yard and a safely fenced pool the kids will be fine here, there's plenty of places for playing.

An array of palms and trees line the driveway and partially hide the house from the roadway.

Polished Jarrah floors are featured throughout the house upstairs. Dual sliding doors go out from the living space to the balcony. The main bedroom runs across the back of the house with banks of louvre windows providing great airflow and each of the other two bedrooms have built in robes.

The kitchen has lots of storage and bench space and a servery opens to the dining area.

Your guests or teenagers will love the downstairs room with attached bathroom and there's an excellent workshop next door.

This comfortable home is just the property for the young family, close to public transport, a short stroll to the Northlakes Shopping Centre. .
